Hank:

X1 As you may recall, [] was tasked with chairing a working group on relationships with former employees. I sat in for George in his absence. It was agreed that in order to get something out expeditiously, we should develop a Headquarters Notice and then move on to consider what should be incorporated into the regulations.

X1 The committee had its third meeting yesterday and developed this draft. It will now go to Blake and will then be coming through you to the DCI. However, I thought it would be useful to give you an advance look at it so that if you have problems or suggestions we can begin to deal with them at once.
